Stallion Manifold Gravity 50 Teat Mobile Feeder

- Manifold made for easy cleaning and milk flow
- Choice of larger tanks at 500L
- Larger tank lids with three way locking system
- Enclosed manifold means no contamination of the milk
- Enhanced stability with lower point of gravity
- Easy to level on uneven surface.
- Stronger frame with heavier gauge galvanised steel

RRP £3250.00 + SHIPPING

Stallion 250L Petrol Mobile Mixer

- Reliable 4 stroke Honda mixing pump or, 240-volt mixing with 12-volt delivery pump.
- The innovative MT250 mixes 250ltrs of milk replacer in 5-7 minutes, then distributes direct into your Stallion feeders via the distribution gun.
- Self cleaning tank.

RRP £2850.00 + SHIPPING

Wydale Single Teat Calf Feeder

- Designed to teat feed calves in individual pens, easy to hang on gates or pens.
- Suitable for whole milk or milk replacer.
- Capacity 4 litres

RRP £27.00 + £26 POSTAGE

Stallion Calfateria FC10 Teat Feeder

- Designed for fast, efficient group feeding of calves whilst maintaining an individual approach and promoting improved digestion of milk.
- Group calves of 3, 6, or 9 to a pen. Mix the required amount of milk for one pen.
- Each compartment can hold up to 3 litres.

RRP £162.00

Stallion Calfateria FC10 Teat Feeder

- Feeder(s) hang on the calf pen gate in such a way that the teats are level with the calves' backs. Pour in the milk and make sure each calf is sucking.
- One sick calf can be given medicated milk/ electrolytes if necessary and the rest plain milk
- Each compartment can hold up to 3 litres.

RRP £230.00

Wydale 110L Electric Milk Mixer MKM1

- The Wydale Milk Mixer has been designed to eliminate labour intensive hand mixing and carrying of milk.
- It's rapid mixing action reduces powder to liquid in seconds whilst the translucent tub allows accurate measurement of liquid.
- 240 volt motor
- 110 litre capacity

RRP £620.00

Wydale 110L 4 Wheel Electric Mixer MKM10

- The Milk Mixer has been designed to eliminate labour intensive hand mixing and carrying of milk.
- 4 wheel stability
- 240 volt motor
- 110 litre capacity

RRP £735.00

Wydale 110L Electric Mixer & Pump Dispenser

- 110 Litre capacity, 4 Wheel Mobile Milk Mixer. Takes the effort out of transporting milk around the farm.
- 240 Volt Electric mixing with 24v rechargeable battery operated pumping system delivering up to 45 Litres per minute.
- Optional inline flow meter available (£238.00).

RRP £1873.00

JFC 170L Milk Kart c/w Tank Only MK1703

RRP £847.00

- Holds 1 x 25kg bag of milk replacer
- Fitted with a 1.5" lever ball valve to control the volume of milk dispensed
- Twist on lid minimises spillages and contamination
- Braked castor wheels (10") allow for easy maneuverability
- Non-corrosion plastic rim front wheels for rough terrain use, CE Certified
- Galvanised frame
- Contents calibration on outside of milk tank

JFC 170L Milk Kart c/w 12v Pump Only MK170P3

RRP £1999.00

- Manufactured by JFC this manual Milk Kart is fitted with high-output pump which dispenses 36 litres per minute and up to 7500 litres on a single charge. The pump is fitted directly to the frame and housed with a battery in a protective case. A charger which connects to the side of the battery housing is included.
- This Kart can transport up to 170 litres of whole milk or liquid milk replacer. With its braked caster wheels on the rear and pneumatic wheels on the front, it is ideal to transport milk around the farm to feed a large number of animals.
- This model is not fitted with a mixer.

JFC 170L Milk Kart c/w 220v Mixer & 12v Pump

RRP £2499.00

- Manufactured by JFC this manual Milk Kart is fitted with a mixer which mixes a whole 20kg bag of milk in 4 minutes (enough to feed 56 calves at 3 Litres per calf). The mixer provides a smooth blend through vortex-enhanced mixing which eliminates the separation of nutrients and the foaming of milk. The mixer works on a 16 amp plug.
- To assist with dispensing this model is fitted with a high-output pump which dispenses 36 litres per minute and up to 7500 litres on a single charge. The pump is fitted directly to the frame and housed with a battery in a protective case. A charger which connects to the side of the battery housing is included.

JFC - ATV Milk Kart 340 Litre c/w 220v Mixer & 12v Pump

RRP £3165.00

- Manufactured by JFC this ATV Milk Kart is fitted with a mixer which mixes a whole 20kg bag of milk in 4 minutes (enough to feed 56 calves at 3 Litres per calf). The mixer provides a smooth blend through vortex-enhanced mixing which eliminates the separation of nutrients and the foaming of milk. The mixer works on a 16 amp plug.
- To assist with dispensing this model is fitted with a high-output pump which dispenses 27 litres per minute and up to 7500 litres on a single charge. The pump is fitted directly to the frame and housed with a battery in a protective case. A charger which connects to the side of the battery housing is included.
