## **ACTION ELEVATOR 50 CALF MILK**

### **100% MILK PROTEIN + 50% SKIM/WHOLE MILK POWDER**

Oil 25% Protein 22% 0% Fibre 7% Ash

- **Action ELEVATOR 50** is produced with **100% milk protein** = Very digestible  
This means that ALL the protein is from a dairy source (skim & whey), no vegetable protein at all.
- 25% skim & 25% whole milk powder (unique -26% milk fat in whole milk = even more energy) is the highest quality combination available, and this helps to ensure a lovely 'Bloom & Shine' whilst optimising growth & development.
- **Action ELEVATOR 50** contains functional proteins (Pre & Probiotics) which line the gut of the calf and help prevent bad organisms (including viruses) from attaching to the gut lining and causing damage. It also contains the highest levels of Vitamin E (500iu/Kg)
- This is a premium high performance calf milk replacer that is manufactured in the UK from UK supplied dairy farms.
