

NEW LOOK THE SAME TRIED & TRUSTED RESULT

Enhanced flexibility and less wastage with unique 28-day in-use shelf life.*

Available in 5, 20 and now 50 dose packs to support use whatever the farm type.

New PET bottles are more durable and have improved environmental credentials.

The single dose, broad spectrum calf scour protection you expect from the UK's leading scour vaccine¹ – with increased flexibility.

Call ACT Wessex on **01425 474455** to find out more or visit us at www.actwessex.co.uk

*After broaching and first use, store upright and refrigerated (2-8°C). A broached vial can be used once more during the next 28 days after the first vaccination event and then discarded. Use of excellent aseptic technique and a multi-dose syringe to minimise vaccine contamination and excessive broaching is recommended.
