

“CALF ENTERPRISE” MILK POWDER

100% MILK PROTEIN - NO CEREALS

Oil 24 % Protein 20 %

- The Protein in Calf Enterprise is derived from 100% Milk Proteins with zero vegetable protein
- This is a ‘**Reverse ratio**’ product with a higher fat to protein content – Whole milk is higher fat to protein as well remember
- Calf Enterprise contains high levels of quality Skim Powder (45%) – Low Osmolality value, similar to whole milk
- High fat levels ensure the smaller cross bred calf has the energy to get up and go, giving it the best start in life
- It has specially chosen oils and fats (Coconut & Palm) plus mineral/vitamin supplement makes it the number one choice for young calves.
- Calf Enterprise contains Bio-Start which contains specific proteins, probiotic, pre-biotic & yeast to help maintain a healthy balance of beneficial bacteria in the intestine. This unique triple action will help to ensure faster economic growth resulting in more profit.

CALF ENTERPRISE – MILK POWDER

Analysis:

Crude oils & fats	24.0%
Crude protein	20.0%
Crude ash	6.5%
Crude fibre	nil

Additives (/kg):

Nutritional	
Vitamin A (3a672a)	25.000 I.U.
Vitamin D3 (E671)	5.000 I.U.
Vitamin E (3a700)	300 I.U.
Copper-Cu-Cupric,sulphate,pentahydrate (E4)	8 mg
Selenium-Se-Sodium selenite (E8)	0,25 mg
Technological	
BHA (E320)	19 mg
BHT (E321)	19 mg
Zootechnical	
Micro organisms: (Probiotic)	

Lactobacillus rhamnosus (DSM 7133) &
Enterococcus faecium (DSM 7134) - 4b1706 2*109 CFU

Composition:

Skimmed milk powder (45%), Whey powder, vegetable oils (coconut, palm), dextrose

This feed contains a unique triple action of surface active polyclonal antibodies, host specific probiotics and prebiotics (yeast).
